Gender is the range of characteristics pertaining to, and differentiating between, masculinity and femininity. Depending on the context, these characteristics may include biological sex (i.e., the state of being male, female, or an intersex variation), sex-based social structures (i.e., gender roles), or gender identity. Many if not most societies use a gender binary, having two genders, men ...

Gender Expression – A term used to describe how a person embodies and/or presents their gender. Most people have complex gender expressions that do not fall neatly into masculine, feminine or transgender. Over the course of a day, for instance, one may embody a more or less feminine gender depending on a variety of social factors.

Early life. Prince was born Arnold Lowman on November 23, 1912, in Los Angeles, California. At around the age of twelve, Prince began cross-dressing, first using her mother’s clothes. During his time in high school, Prince began cross-dressing more frequently and found herself passing as a girl in public. This came to a crux when Virginia, at the age of 18, went to a church Halloween party ...
