Psychological resistance is the phenomenon often encountered in clinical practice in which patients either directly or indirectly exhibit paradoxical opposing behaviors in presumably a clinically initiated push and pull of a change process. It impedes the development of authentic, reciprocally nurturing experiences in a clinical setting. It is established that the common source of resistances ...

A defence mechanism is an unconscious psychological mechanism that reduces anxiety arising from unacceptable or potentially harmful stimuli... Defence mechanisms may result in healthy or unhealthy consequences depending on the circumstances and frequency with which the mechanism is used. In psychoanalytic theory, defence mechanisms (German: Abwehrmechanismen) are psychological strategies ...

Introduction The problem of the twenty-first century is the problem of “othering.” In a world beset by seemingly intractable and overwhelming challenges, virtually every global, national, and regional conflict is wrapped within or organized around one or more dimension of group-based difference. Othering undergirds territorial

AbstractIn recent years new discourses have emerged to inform philosophy and pedagogy in early childhood. These range from various postfoundational perspectives to objectivist accounts such as neuroscience in relation to brain development. Given the variety of competing narratives, the field is complex and multifaceted with potential to revision early childhood pedagogy through varied ...

Purposes and Definitions of the Arts. Purposes. Poetry and other Arts "poetry is music set to words", Dennis O'Driscoll "One of [Donald Davie's favourite notions] was that there were three useful analogies for the understanding of literature in general and modern literature in particular. Poetry was like theatre, as in Yeats; like music, as in Pasternak and Eliot; and like sculpture, as in ...
