Outside The Box Lateral Thinking
Thinking outside the box (also thinking out of the box or thinking beyond the box and, especially in Australia, thinking outside the square) is a metaphor that means to think differently, unconventionally, or from a new perspective. This phrase often refers to novel or creative thinking. The term is thought to derive from management consultants in the 1970s and 1980s challenging their clients ...

Examples of Thinking Outside the Box - Increase Brainpower
Lateral thinking is a manner of solving problems using an indirect and creative approach via reasoning that is not immediately obvious. It involves ideas that may not be obtainable using only traditional step-by-step logic. The term was promulgated in 1967 by Edward de Bono. He cites the Judgment of Solomon as an example, where King Solomon resolves a dispute over the parentage of a child by ...
