Scholarly Research Papers
Both scholarly and non-scholarly materials have a place in arts and humanities research. Their use, and even their definition, depends on the context of the research project.

Organizing Research for Arts and Humanities Papers and ...
Academic publishing is the subfield of publishing which distributes academic research and scholarship. Most academic work is published in academic journal article, book or thesis form. The part of academic written output that is not formally published but merely printed up or posted on the Internet is often called "grey literature". Most scientific and scholarly journals, and many academic and ...

How to Find Scholarly Sources for Research Papers » The ...
Authors and their credentials will be provided in a scholarly article. Credentials may appear with the authors' names, as in this example, or they may appear as a footnote or an endnote to the article. The authors' credentials are provided to establish the authority of the authors, and also to provide a point of contact for the research presented in the article.

Anatomy of a Scholarly Article: NCSU Libraries
Scholarly Communication Defined. Scholarly communication is the system through which research and other scholarly writings are created, evaluated for quality, disseminated to the scholarly community, and preserved for future use.

Principles and Strategies for the Reform of Scholarly ...
General principles RePEc (Research Papers in Economics) is a collaborative effort of hundreds of volunteers in 99 countries to enhance the dissemination of research in Economics and related sciences. The heart of the project is a decentralized bibliographic database of working papers, journal articles, books, books chapters and software components, all maintained by volunteers.

RePEc: Research Papers in Economics
Funding Priorities. The Scholarly Communications program’s funding priorities reflect the system of three broad enduring functional activities in the humanities and arts: the publication of the scholarly and cultural record, its preservation over time, and the services for its use.

Scholarly Communications | The Andrew W. Mellon Foundation
